BEACH RETREAT **remix**

Sunday, July 24 through Friday, July 29

What if a week at the beach became a week helping people in Alabama who were affected by the recent tornados?

What if it was possible to have three days helping and two days at the beach?

What if we had a couple days at the lake and some wave runners this summer?

What if we played traditional beach games at the lake or on Sunday evenings?

Details are coming together for this week. Please keep an open mind, and pray for those who have been affected by the tornados.

Need as many youth and parents as possible!

\$350

STICKER SHOCK

The prices shown do not reflect any yard sale earnings from hours worked.
It is possible to work yard sale and not pay for any trips if you work and log enough hours.
